1. Product description

1.1 Intended use

The original Miniware pouch is designed for carrying and storing a **Miniware TS100** or **TS80** soldering iron together with two soldering tips. It protects the iron and the tips from damage and dirt in a bag or backpack and when travelling, for example when repairing drones right at the flying field.

The pouch is made of PU leather and microfibre and closes with a zip. Inside it has one compartment and three elastic loops – one for the soldering iron and two for spare tips. It can also be used as a small tool pouch, for example for a screwdriver, a nut driver or a pen.

2. Use and care

2.1 Storing the soldering iron and tips

① Switch the soldering iron off, disconnect it from the power supply and **let it cool down completely**.

② Undo the zip and open the pouch.

③ Slide the soldering iron under the elastic loop intended for the iron.

④ Slide the spare tips under the remaining two loops.

⑤ Check that nothing protrudes over the edge and close the pouch with the zip.

※ Never put a hot soldering iron or a hot tip into the pouch. A hot tip can burn through the pouch material and cause burns or a fire.

2.2 Care and storage

- Before storing, wipe solder and flux residue off the tip so that it does not soil the inside of the pouch.
- Clean the surface of the pouch with a dry or slightly damp cloth. Do not use solvents or aggressive cleaning agents.
- Store the pouch in a dry place, away from direct sunlight and heat sources.
- Do not overload the zip – do not put items into the pouch that do not fit in freely.

- Sort the packaging materials by type into the appropriate recycling containers.
- When disposing of the product, always follow the regulations of the country in which you use it.

4. Warranty and rights arising from defective performance

4.1 Rights of the buyer under Czech law

The rights and obligations of the contracting parties are governed by Czech law, in particular by Act No. 89/2012 Coll., the Civil Code, and Act No. 634/1992 Coll., on consumer protection.

- The seller is liable to the buyer for the product being free of defects on receipt. If the buyer is a consumer, a defect may be notified **within two years of receipt** of the product (Section 2165 of the Civil Code).
- If a defect appears within **one year** of receipt, the product is deemed to have been defective already at the time of receipt (Section 2161(5) of the Civil Code).
- When purchasing online, a consumer has the right to **withdraw from the contract within 14 days** of receiving the goods without giving a reason (Section 1829 of the Civil Code).
- Claims should be made with the retailer from whom you purchased the product. The importer's contact details are given in Chapter 3.1.
- The competent body for out-of-court settlement of consumer disputes is the **Czech Trade Inspection Authority**, Štěpánská 796/44, 110 00 Prague 1, www.coi.cz.
